## List of SGS mandates for Governmental Verification Programs

Since 1965, over 40 countries have adopted the International Trade Management SGS programs and Product Conformity Assessment (PCA). These contracts allow traders and governments to ensure that imported goods comply with local regulations and customs declaration is appropriate: trade is facilitated.

### Programs

- PCA (*Product Conformity Assessment*) : verification of product compliance to national/international standards relevant to the Importing Country by Industrial Division
- VALITRADE : Value of transaction, Seller's Existence (mandatory only for post-entry verifications), Origin of goods (PTA origins only)
